About this product: These movable display boards are ideal for presentations and exhibitions. Each panel is linked together with double action hinges, has a stylish frame in a choice of Aluminium and PVC and are fitted with lockable castors.

This Jumbo Display Boards Kit offers 3 large pre-hinged panels of display space suitable for presenting plans, charts, school course work and much more. These freestanding mobile

presentation boards require no assembly, simply unfold and the boards are ready for use. Please click on Sizes and Weights for more technical information.

Good to know: Panels are covered in flame retardant Nyloop fabric in a choice of attractive colours. **Boards are pinnable and Nyloop fabric is compatible with self adhesive hook tape.**

Lightweight Structure: All Panel Warehouse Display Boards are a lightweight construction making them easy to move and handle.

Advice before ordering: We want you to love your Display Boards as much as we do, so as your order will be hand made by the Panel Warehouse Team we ask that you check that your measurements and colour choices are correct before proceeding to checkout. Please be aware that goods are manufactured to order and non-returnable.

Important Delivery Information: When placing an order please be aware that our delivery partner will deliver to the ground floor - should you wish to discuss our premium delivery service please contact us on 0161 609 0262
