BABY CHANGING EQUIPMENT

We have a new regular hirer who has started a baby class. I think it is important that the Dinas Powys Council are seen to be providing facilities for babies as the halls are also hired by families for parties etc so it's important to provide a safe area to change little ones.

STAGE CURTAINS

Been in contact with CamStage as contacted them last year, getting an update to date quote. The curtains are slightly damaged due to wear and tear.

We need extra storage. Instead, a window bench with storage and built in cupboard for all Clive's cleaning brushes mops. Etc

Can we place the bench outside...pretty please
