Dinas Powys Community Council

Community Council Office

Parish Hall,

Britway Road,

Dinas Powys

Dear Councillors,

Request for Support: £500 for a Table for the Community Garden

I am writing on behalf of **Dinas Powys Voluntary Concern (DPVC)** to kindly request support from Dinas Powys Community Council in the form of a £500 contribution towards the purchase of a table for our community garden at St Peter's.

The garden, supported and maintained by our volunteers, provides an inclusive and welcoming environment for people of all ages to connect with nature and one another. As the garden grows in popularity, we have identified the need for a sturdy, weatherproof table to support our community activities, such as gardening sessions and community events.

A central table would greatly enhance the usability of the space and would complement the benches already in place, enabling visitors to sit and enjoy the garden. It would also allow us to expand our programme of activities for older residents, supporting our broader mission to reduce isolation and promote wellbeing within the community.

We would be very grateful if the Council could consider a grant of £500 to help us purchase a suitable table. We believe this investment will have a long-lasting, positive impact on our local community.

Thank you for your time and consideration. A short report is also attached with more detail about the garden and progress to date. I know that a number of Councillors attended the opening of the garden and if they would like to visit again, they will see how much it has changed in the last few months.

Best wishes
