Subject: FAO Jeanette

Dear Jeanette, further to our telephone conversation this afternoon, I write in regards to something in memory of my Late mother, [REDACTED] who sadly passed away in June. Before her death she made it known that she might like to donate something in her memory from her estate locally. She was not specific about what it might be, but suggested a bench possibly.

My brother, sister and I are open to any suggestions you may have, and we thought something at the Parish Hall or Lee Hall or at the cenotaph might be nice, but again we are open to location suggestions.

We do not have a budget as such, and again we are open to suggestions.

I have been in touch with the VoG Council for their suggestions also, but on balance I feel it might be nice to keep it local, as Mum spent a happy 38 years living in DP.

Many thanks, [REDACTED] (daughter of the deceased and DP resident)
